PROFESSIONAL SUMMARY

Software Developer with experience designing and building scalable web applications, business solutions, and digital products using React, Next.js, TypeScript, Laravel, Django, MySQL, and PostgreSQL. Experienced in developing responsive user interfaces, RESTful APIs, authentication systems, and database-driven applications across healthcare, education, e-commerce, logistics, and nonprofit sectors. Founder of SturdyBuddy, a learning platform serving over 140 students with 100+ quizzes and 30+ learning resources. Passionate about creating technology solutions that solve real-world problems and improve user experiences.

TECHNICAL SKILLS

Programming Languages: JavaScript | TypeScript | PHP | Python | HTML5 | CSS3

Frontend Development: React | Next.js | Tailwind CSS | Framer Motion | TanStack Query | Redux | Axios | Zod

Backend Development: Laravel | Django | REST API Development | Authentication & Authorization

Databases: MySQL | PostgreSQL | MongoDB | Supabase

Tools & Platforms: Git | GitHub | Vercel | Netlify

PROFESSIONAL EXPERIENCE

Founder & Software Developer

SturdyBuddy | 2024 – Present

- Designed and developed a web-based learning platform that helps students prepare for examinations through structured quizzes and educational resources.
- Built and maintained frontend interfaces using React, TypeScript, and Tailwind CSS to provide a responsive and user-friendly experience.
- Developed backend functionalities including user authentication, quiz management, and progress tracking.
- Created and managed a content library containing over 100 quizzes and 30+ educational resources.
- Successfully launched the platform and onboarded more than 140 registered users.
- Led product planning, feature development, testing, deployment, and continuous improvement activities.

Freelance Software Developer

Remote | 2024 – Present

- Developed and deployed custom web applications for clients across healthcare, education, logistics, e-commerce, and nonprofit sectors.
- Collaborated with clients to gather requirements, translate business needs into technical solutions, and deliver projects within agreed timelines.
- Built responsive and accessible user interfaces using React, Next.js, TypeScript, and Tailwind CSS.
- Developed backend services and integrated APIs using Laravel, Django, PostgreSQL, and MySQL.
- Optimized application performance, resulting in faster load times and improved user experience across deployed projects.
- Managed project deployment and maintenance using modern hosting platforms including Vercel and Netlify.

SELECTED PROJECTS

SturdyBuddy

Tech Stack: React, TypeScript, Tailwind CSS, PHP, MySQL

- Developed a learning platform supporting over 140 registered users.
- Implemented quiz management, authentication, and progress tracking features.
- Published over 100 quizzes and 30+ learning resources for students.

CLBM Shop

Tech Stack: React, TypeScript, Tailwind CSS, Laravel, MySQL

- Built a modern e-commerce platform for a Nigerian fashion brand.
- Developed product catalog, shopping workflow, and backend management functionalities.
- Implemented responsive design and optimized user experience across devices.

Megeminds

Tech Stack: React, TypeScript, Tailwind CSS, Django, PostgreSQL

- Developed a database-driven web application with secure backend architecture.
- Implemented API integrations and scalable data management features.
- Created responsive interfaces to improve accessibility and usability.

Advance School Management System (ASMS)

Tech Stack: React, TypeScript, Tailwind CSS, Django, PostgreSQL

- Built a comprehensive school management solution for academic administration.
- Developed modules supporting administrative workflows and data management.
- Integrated frontend and backend systems through RESTful APIs.

Squeaks

Tech Stack: Next.js, TypeScript, Tailwind CSS, Supabase

- Developed a modern social platform with authentication and database integration.
- Implemented real-time data interactions and responsive user interfaces.
- Utilized Supabase services for backend functionality and data management.

EDUCATION

Ahmadu Bello University, Zaria, Kaduna, Nigeria

2024

Bachelor of Science (B.Sc.) in Botany

Final Grade: First Class Honors

CGPA: 4.70/5.00

ADDITIONAL INFORMATION

Core Competencies: Problem Solving | Software Development | Team Collaboration | Communication Skills | Project Management | Critical Thinking | Technical Documentation | Continuous Learning
